### HEALTH NOTICE

rived and on Monday, May 7th, ing the plant here, they will enthe Town team, a Saginaw large it by one 10x30 tank and team, Baumann-Hinds' truck an office building. The entire and two or three other teams plant will be located on the that have been kindly donated Santa Fe right of way at the for the service will make the corner of Railroad Avenue and rounds of the town and remove | Fifth Street. all trash, tin cans, and rubbish that have been placed in boxes RED CRCSS RELIEF FUND or some other receptacle in the alleys adjoining houses.

This trash will not be carted away if not in some convenient receptacle, for the drivers have School Auditorium Friday tives in Congress and in our reference to this treatment of no time to shovel up the trash. The yards, stables and lots of the town must be all cleaned and this is the chance for the people to have their trash removed without expense.

All trash that is not removed by the city wagons and the teams kindly donated, will have to be removed at the owner's expense later on for every one will have to clean up their premises. It is a violation of a Town ordinance to throw trash or manure in the alleys, as much so as if the same were thrown in the streets, and owners who have manure or trash in the alleys back of their premises are hereby warned that such manure and trash must be removed at once-the Town teams will not remove manure or dirt-and that hereafter manure must be hauled away directly when stables are man, Mary Frances Barbour, how they could shape their cleaned.

The great fly breeding places in the Town are filthy stables SATURDAY, MAY 5TH and closets and these must be put in condition at once, for the warm weather will soon be here and with its advent the 2:30 P. M. the women of Willbreeding of flies and disease be- lams will hold a Baby Welfare gins.

"We have known long that the Germans stripped the dead ing them into bundles of three or four bodies with iron wire and then dispatched those grisly bundles to the rear. Until recently trains laden with dead were sent to Seraing near Liege and a point north of Brussels, where there were refuse consumers. Much surprise is caused by the fact of late that this traffic has proceeded in the direction of Gerolstein and it was noted that on each car was written D. A. V. G. ## HOLD LIVELY SESSION

Many Important Matters Considered -Attendance Good -Number of New Members Join-To Meet Again in Fall

With a good attendance present, the Tusayan Cattle Growers Association held their spring meeting at the Sultana Theatre Tuesday afternoon. Among those present were a number of visitors from Flagstaff, including Mr. Griffin, of Babbitts. The meeting was called to order by President A. G. Polson, who asked Ed Hamilton to preside for the meeting. Dick Kennerdell, Sec.-Treas. of the Association was present

The minutes of the last meeting were read and approved, as was also the report of the Secretary. Following this the matter of the proposed revision of the schedule of rates for stock killrd on the railroad was considered. Mr. Irwin, claim agent for the Santa Fe was present to represent that company. It was the consensus of opinion among the cattlemen present that a higher schedule of rates for cattle killed, is needed because of the increased value of win concurred, and he stated ally, and perhaps not until he that it is his conviction also. that a better system of accounting is needed. The matter was disposed of by the appointment of Martin Buggeln, W. F. Griffin and Richard Kennerdell, as a committee to confer with the Coconino Cattle Growers Association and frame a schedule of rates that will be satisfactory to both organizations, and forward it to the claim agent at Los Angeles.

The report of the committee n Driveways was next heard. Mr. Martin Buggeln as chair-Miss Katherine Anderson and man of the committee reported

#### **GUARDS MAY DRILL IN TOWN WITH GUNS**

The question has been raised as to whether the state statutes would permit the home guards to parade thru town streets while armed with guns. Section 4011 seemingly prohibits such parading.

Capt. Rollins corresponded with Governor Campbell to see if permission might not be obtained for the guards to march thru the streets bearing their guns. The Governor responded to the inquiry as follows: My dear Mr. Rollins:-

Your favor of the twenty-fifth instant is just received, and I hasten to assure you that you will be all right in going ahead with the organization of the Home Guard, as other cities are doing.

"The Adjutant General informs me that Section 4011, Revised Statutes of Arizona, 1913, is being ignored thruout Arizona by the cities and towns which have organized similar bodies for home protection, and that unless unfair use is made of these companies, no objection will be made.

> Yours very sincerely THOS. E. CAMPBELL, Governor of Arizona.
